

## IC Chaplain's Report

I received this note from the North Carolina Chaplain, Sherry Harris and I thought I would pass it along now rather than wait to Sunday. I know that we have all be anxiously awaiting news of our ESA family that have been impacted by the storm.

Let us also remember to keep in our prayers the hundreds of workers who are responding to this disaster—the police, fire, the EMS, the disaster response teams from the American Red Cross, the Salvation Army as well as other faith-based response teams. The Humane Societies that are sending volunteers to assist with the displaced and lost animals. The crews from the electrical companies and the gas companies that are trying to restore power.

Also, don't forget that our own Disaster Fund can use our contributions as I know that some of our members will need assistance.

Maria Bingheim

---

North Carolina and parts of South Carolina have been devastated from Hurricane Florence.

The beach and coastline areas were hit hard as well as other areas such as Jacksonville, Greenville, and New Bern, NC.

Some of the NC ESA sisters living in the beach areas evacuated and are safe. Others stayed nearby and have home damage such as trees down, no power, and shingles off roofs.

In the Piedmont areas (Charlotte, Statesville, and Raleigh areas), continuous rain, trees down, and power outages are the main issues.

Please continue to pray and remember all of North Carolina and the affected South Carolina areas affected by Florence and her fierceness.
